

Kipima-Maendeleo/Progress Tracker-Swahili Strong Foundation

JINA.....

Here is your virtual accountability tool! This tool is designed to help learners effectively track their progress as they go through each resource. SwahiliKIDS believe in the power of repetition. We recommend that learners go through each resource twice to reinforce the learning. The idea is to get the learner to input the date they engage with the resource the first time and then the second time, and finally put their initials to signify DONE:) Follow the example on number 1.

TITTLE	Date 1	Date 2	Initials
1. Napenda Irabu-level 1	Aug 19, 2020	Sept 1, 2020	B.M
MODULE 1:
